4. FIRST AID MEASURES

Inhalation:	Move to fresh air in case of accidental inhalation of vapours.
Skin contact:	Wash off immediately with soap and plenty of water. If irritation occurs and persists, seek medical attention.
Ingestion:	Rinse mouth with water and drink afterwards plenty of water. DO NOT INDUCE VOMITING!
Eye contact:	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. If eye irritation persists, consult a physician.
Notes to physician:	Contains: Propellants, petroleum solvent and fragrance oils.
Aggravated Medical Conditions:	NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Help stop inhalation abuse. For information visit www.inhalant.org .

Suitable extinguishing media:	As for surrounding fire.
Extinguishing media which must not be used for safety reasons:	No information available.
Specific hazards:	Exposure to temperatures above 49°C (120°F) may cause bursting.
Unusual hazards:	Move containers away from fire if possible and safe to do so. Use water spray to cool fire exposed containers. Provide shielding for personnel exposed to venting, rupturing or bursting containers.
Special protective equipment for firefighters:	As in any fire, wear self-contained breathing apparatus, pressure-demand, MSHA / NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions:

Ensure adequate ventilation. Avoid contact with skin and eyes.

Methods for cleaning up:

Small amounts: Wipe up with absorbent material (e.g. cloth, fleece). Large amounts: Eliminate all sources of ignition and ventilate the area with equipment rated for use in flammable environments. Contain and collect any liquid and place in an appropriate metal container suitable for flammable waste to await proper disposal according to local, state, provincial or federal regulations.

Environmental precautions:

Do not contaminate ground-water. Damaged or leaking aerosols should be removed immediately from their present location and stored separately in a safe place away from all sources of ignition, preferably in the open. If a large quantity of aerosols are involved, the manufacturer should be contacted in order to agree on a safe method of disposal.

7. HANDLING AND STORAGE

Handling:

KEEP OUT OF REACH OF CHILDREN! Ensure adequate ventilation. Safe handling advice: NOTE TO PARENTS: Intentional misuse by deliberately concentrating and inhaling aerosol products may be harmful or fatal. Read label instructions carefully.

Storage:

KEEP OUT OF REACH OF CHILDREN. Store in cool place. CAUTION: Contents under pressure. DO NOT puncture or incinerate. DO NOT expose to heat or store at temperatures above 49°C (120°F), as container may burst. Keep away from heat and sources of ignition.
