

# Did You Know?

## Air Filters Can Extend Unit Life

Changing your air filter every 30 days can maximize the life of your HVAC condensing unit. Clogged filters can restrict airflow, causing your system to work inefficiently. This can drive up costs and may even cause damage. Pleated air filters last longer, keeping HVAC units clean with fewer maintenance tickets.

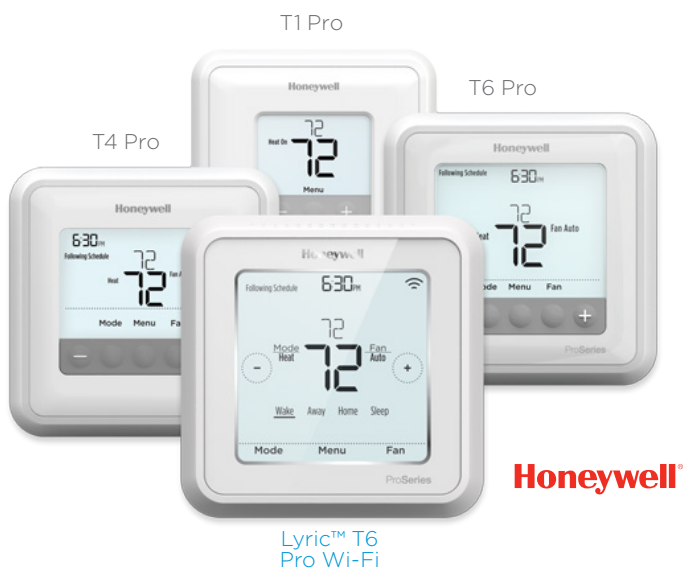

## R-22 Is Being Phased Out

Current R-22 refrigerant supplies only cover about 15% of demand, which has sent prices skyrocketing. As the January 1, 2020, EPA phaseout of R-22 approaches, count on HD Supply Facilities Maintenance to guide you through it. Our 410A Transition Guide outlines the pros and cons of each option to help you make the most cost-effective choice. Ask your sales rep for a copy or visit [hdsupplysolutions.com/hvac](http://hdsupplysolutions.com/hvac).

## Smart Thermostats Are In

Buying WiFi-enabled smart thermostats like those from Honeywell can save the average household \$80 to \$460 per year on utility bills.

# What You Need To Know About The R-22 Phaseout

As The Supply Of R-22 Gas Plummets...

R-22 production in millions of Lb U.S. Environmental Protection Agency

No New R-22 Production Or Imports After January 1, 2020

The Price Is Skyrocketing

Price for 30 Lb jug

Current R-22 Supplies Cover Less Than 15% of Demand

Know Your Options And Determine Your Strategy

REPLACE	RETROFIT	REPAIR
<p><b>Pros</b></p> <ul style="list-style-type: none"> <li>No refrigerant shortage</li> <li>Fewer repairs, less downtime</li> <li>Lower long-term costs</li> <li>Higher SEER ratings</li> </ul>	<p><b>Pros</b></p> <ul style="list-style-type: none"> <li>Reliable &amp; cost-effective</li> <li>Works in existing R-22 systems</li> <li>No oil change needed</li> </ul>	<p><b>Pros</b></p> <ul style="list-style-type: none"> <li>Cost-effective in the short term</li> <li>No change in current operations</li> <li>No new training</li> </ul>
<p><b>Considerations</b></p> <ul style="list-style-type: none"> <li>Higher upfront costs</li> <li>R-410A training for maintenance staff</li> </ul>	<p><b>Considerations</b></p> <ul style="list-style-type: none"> <li>Slight efficiency loss (6-10%) at temperatures above 105°F</li> <li>Most void any remaining manufacturer's warranty</li> </ul>	<p><b>Considerations</b></p> <ul style="list-style-type: none"> <li>R-22 cost way up, supply way down</li> <li>R-22 not available after January 1, 2020</li> <li>Downtime frustrates residents</li> </ul>

## Ready To Replace For MAXIMUM VALUE?

Make the smartest choice with **SmartComfort™** by **Carrier®**:

- Exclusively from HD Supply
- Great prices and warranty
- 2-year replacement and reimbursement\*
- 10-year parts warranty with registration

\*Limited to one-time replacement for catastrophic coil or compressor failure.
