

AQUA GUARD SUPER SHOCK QUICK

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Revision date: 05/15/2014

Version: 2.0

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Trade name : AQUA GUARD SUPER SHOCK QUICK

Product form : Mixture

1.2. Relevant identified uses of the substance or mixture

Use of the substance/mixture : Pool care

1.3. Details of the supplier of the safety data sheet

KIK Pool Additives Inc.
5160 E Airport Drive
Ontario, CA 91752
Telephone: (909) 390-9912
Fax: (909) 390-9911

1.4. Emergency telephone number

Emergency number : Transportation Emergency: (800) 424-9300 / Medical Emergency: (866) 366-5048

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (GHS-US)

Ox. Sol. Not classified	*
Acute Tox. 4 (Oral)	H302
** Acute Tox. 2 (Inhalation:dust,mist)	H330
Eye Irrit. 2A	H319
Repr. 1B	H360
STOT SE 3	H335

*Product does not meet GHS criteria for Oxidizing Solid (tested according to the *UN Recommendations on the Transport of Dangerous Goods, Manual of Tests and Criteria, Test O.1: Test for Oxidizing Solids*)

**Product as sold is not expected to produce respiratory effects. Particles of respirable size are generally not encountered. The respirable fraction is typically less than 0.15% by weight.

2.2. Label elements

GHS-US labeling

Hazard pictograms (GHS-US) :

GHS07

GHS08

Signal word (GHS-US) :

Danger

Hazard statements (GHS-US) :

H302 - Harmful if swallowed
H319 - Causes serious eye irritation
H335 - May cause respiratory irritation
H360 - May damage fertility or the unborn child

Precautionary statements (GHS-US) :

P202 - Do not handle until all safety precautions have been read and understood
P261 - Avoid breathing dust
P271 - Use only outdoors or in a well-ventilated area
P301+P312 - IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell
P304+P340 - IF INHALED: remove victim to fresh air and keep at rest in a position comfortable for breathing
P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing
P270 - Do not eat, drink or smoke when using this product
P330 - If swallowed, rinse mouth
P337+P313 - If eye irritation persists: Get medical advice/attention
P308+P313 - IF exposed or concerned: Get medical advice/attention
P403+P233 - Store in a well-ventilated place. Keep container tightly closed
P405 - Store locked up
P501 - Dispose of contents/container to licensed waste handling facility

2.3. Other hazards

No additional information available

AQUA GUARD SUPER SHOCK QUICK

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

2.4. Unknown acute toxicity (GHS-US)

No data available

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable

3.2. Mixture

Name	Product identifier	%
Trichloro-S-triazinetrione	(CAS No) 87-90-1	40 - 70
Boric acid	(CAS No) 10043-35-3	7 - 13
Sodium carbonate	(CAS No) 497-19-8	7 - 13

SECTION 4: First aid measures

4.1. Description of first aid measures

- First-aid measures general : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible).
- First-aid measures after inhalation : IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician.
- First-aid measures after skin contact : IF ON SKIN: Immediately rinse with plenty of water (for at least 15 minutes). If skin irritation or rash occurs: Get medical advice/attention.
- First-aid measures after eye contact : IF IN EYES: Rinse immediately and thoroughly, pulling the eyelids well away from the eye (15 minutes minimum). If eye irritation persists: Get medical advice/attention.
- First-aid measures after ingestion : IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER/doctor/physician if you feel unwell. Note to physician : Probable mucosal damage may contraindicate the use of gastric lavage.

4.2. Most important symptoms and effects, both acute and delayed

- Symptoms/injuries : Causes serious eye irritation. Harmful if swallowed. Irritation of respiratory tract. May damage fertility or the unborn child.
- Symptoms/injuries after inhalation : May cause headache, nausea and irritation of respiratory tract.
- Symptoms/injuries after skin contact : May cause skin irritation.
- Symptoms/injuries after eye contact : Causes serious eye irritation.
- Symptoms/injuries after ingestion : May cause gastrointestinal irritation, nausea, vomiting, and diarrhea if swallowed.
- Chronic symptoms : Possible respiratory damage following repeated or prolonged inhalation. May damage fertility. May damage the unborn child.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available.

SECTION 5: Firefighting measures

5.1. Extinguishing media

- Suitable extinguishing media : Flood with plenty of water.
- Unsuitable extinguishing media : Do not use : dry chemicals, carbon dioxide, halogenated, or ABC fire extinguishers/agents.

5.2. Special hazards arising from the substance or mixture

- Fire hazard : May cause fire or explosion; strong oxidizer.
- Explosion hazard : Explosion risk in case of fire. Contact with ammonia, ammonium salts, urea, or similar nitrogen-containing compounds may form nitrogen trichloride (highly explosive).
- Reactivity : Highly reactive oxidizing and chlorinating agent.

5.3. Advice for firefighters

- Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire.
- Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

- General measures : Evacuate area. Keep upwind. Ventilate area. Spill should be handled by trained clean-up crews properly equipped with respiratory equipment and full chemical protective gear (see Section 8).

6.1.1. For non-emergency personnel

- Protective equipment : Wear Protective equipment as described in Section 8.
- Emergency procedures : Evacuate unnecessary personnel.

AQUA GUARD SUPER SHOCK QUICK

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

6.1.2. For emergency responders

Protective equipment : Wear suitable protective clothing, gloves and eye or face protection. Approved supplied-air respirator, in case of emergency.

6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

6.3. Methods and material for containment and cleaning up

For containment : Sweep or shovel spills into appropriate container for disposal. Prevent entry to sewers and public waters.

Methods for cleaning up : Sweep or shovel spills into appropriate container for disposal. Do not mix spilled material with other materials if possible. DO NOT seal containers especially containing wet or contaminated material. Contact supplier in Section 1 for further instructions especially for damp or contaminated material. Dispose of material in compliance with local, state, and federal regulations.

6.4. Reference to other sections

No additional information available

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling : Do not handle until all safety precautions have been read and understood. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide appropriate exhaust ventilation at places of dust forming. Keep away from sources of ignition - No smoking. Avoid breathing dust. Take any precaution to avoid mixing with ammonia, ammonium salts, urea or similar nitrogen containing compounds.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions : Keep only in the original container in a cool, well ventilated place away from : moisture and heat sources. Keep container closed when not in use.

Incompatible products : Strong bases. Ammonia. ammonium salts. Urea or similar nitrogen containing compounds.

7.3. Specific end use(s)

No additional information available

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Boric acid (10043-35-3)	
ACGIH TWA (mg/m ³)	2 mg/m ³ (inhalable fraction, listed under Borate compounds, inorganic)
ACGIH STEL (mg/m ³)	6 mg/m ³ (inhalable fraction, listed under Borate compounds, inorganic)

8.2. Exposure controls

Personal protective equipment : Face shield. Gloves. Protective goggles. Respiratory protection of the dependent type.

Hand protection : Protective gloves made of rubber.

Eye protection : Eye protection, including both chemical splash goggles and face shield, must be worn when possibility exists for eye contact due to handling, use or airborne particles.

Skin and body protection : Wear long sleeves.

Respiratory protection : In case of inadequate ventilation wear respiratory protection. In the event that dust and/or fine particles are generated with this product, it is prudent to minimize prolonged inhalation exposure to these forms not to exceed the occupational exposure limit.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state : Solid

Appearance : Fine Granules

Color : White.

Odor : Chlorine-like.

Odor Threshold : No data available

pH : No data available

AQUA GUARD SUPER SHOCK QUICK

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

pH solution	: 2.7 - 2.9 (1% solution)
Relative evaporation rate (butyl acetate=1)	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Self ignition temperature	: No data available
Decomposition temperature	: 225 °C
Flammability (solid, gas)	: No data available
Vapor pressure	: No data available
Relative vapor density at 20 °C	: No data available
Relative density	: > 1
Density	: 1.16 - 1.9 g/cm ³
Solubility	: Water: 1.2 %
Log Pow	: No data available
Log Kow	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Explosive limits	: No data available

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity

Highly reactive oxidizing and chlorinating agent.

10.2. Chemical stability

Stable under recommended handling and storage conditions (see section 7).

10.3. Possibility of hazardous reactions

Violently oxidises organic material. Reacts with (some) acids: release of (highly) toxic gases/vapors (chlorine).

10.4. Conditions to avoid

Sparks. Heat. Open flame.

10.5. Incompatible materials

Avoid contact with strong reducing agents. Contact with most foreign material, organic matter, or easily chlorinated or oxidized materials may result in fire. Avoid oil, grease, sawdust, floor sweepings, other easily oxidized organic compounds. . Contact with water releases hypochlorous acid.

10.6. Hazardous decomposition products

Thermal decomposition generates : Chlorine.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity : Harmful if swallowed.

Trichloro-S-triazinetriene (87-90-1) as used in CLOROX POOL & SPA SUPER / SHOCK QUICK / 20	
LD50 oral rat	809 mg/kg (Source: NLM_CIP)
LD50 dermal rat	> 5000 mg/kg
LD50 dermal rabbit	> 2000 mg/kg
LC50 inhalation rat (mg/l/4h)	0.09 – 0.29 mg/l/4h

Sodium carbonate (497-19-8)	
LD50 oral rat	4090 mg/kg
LD50 dermal rat	2210 mg/kg mouse
ATE (oral)	4090.000 mg/kg body weight
ATE (dermal)	2210.000 mg/kg body weight

Boric acid (10043-35-3)	
LD50 oral rat	2660 mg/kg (Source: IUCLID)
LD50 dermal rabbit	≥ 2000 mg/kg (Source: IUCLID)

AQUA GUARD SUPER SHOCK QUICK

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Boric acid (10043-35-3)	
LC50 inhalation rat (mg/l)	≥ 0.16 mg/l/4h (Source: IUCLID)
Skin corrosion/irritation	: Not classified
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: May damage fertility or the unborn child.
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: May cause headache, nausea and irritation of respiratory tract.
Symptoms/injuries after skin contact	: May cause skin irritation.
Symptoms/injuries after eye contact	: Causes serious eye irritation.
Symptoms/injuries after ingestion	: May cause gastrointestinal irritation, nausea, vomiting, and diarrhea if swallowed.
Chronic symptoms	: Possible respiratory damage following repeated or prolonged inhalation May damage fertility. May damage the unborn child..

SECTION 12: Ecological information

12.1. Toxicity

Ecology - general : Very toxic to aquatic life with long lasting effects.

12.2. Persistence and degradability

AQUA GUARD SUPER SHOCK QUICK

Persistence and degradability : No information available.

12.3. Bioaccumulative potential

AQUA GUARD SUPER SHOCK QUICK

Bioaccumulative potential : No information available.

12.4. Mobility in soil

AQUA GUARD SUPER SHOCK QUICK

Ecology - soil : No data available.

12.5. Other adverse effects

Other adverse effects : No data available.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste treatment methods : Do not discharge to public wastewater systems without permit of pollution control authorities. No discharge to surface waters is allowed without an NPDES permit.

Waste disposal recommendations : Dispose in a safe manner in accordance with local/national regulations. Do not allow the product to be released into the environment.

SECTION 14: Transport information

UN proper shipping name

Ground (US DOT) : Not regulated for ground transportation. Product does not meet GHS criteria for Oxidizing Solid (tested according to the *UN Recommendations on the Transport of Dangerous Goods, Manual of Tests and Criteria, Test O.1: Test for Oxidizing Solids*)

Water (IMDG) : UN3077 ENVIRONMENTAL HAZARDOUS SUBSTANCE, SOLID, N.O.S.
(TRICHLOROISOCYANURIC ACID), 9, III MARINE POLLUTANT

Air (IATA) : Ships by water (IMDG) as Limited Quantity when individual/inner packaging is or less than 11 lbs (5 kg) and case/outer packaging is or less than 66 lbs (30 kg). Ships by Air (IATA) as Limited Quantity when gross package is less than 66 lbs (30kg).

14.3. Additional information

Overland transport

No additional information available

AQUA GUARD SUPER SHOCK QUICK

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Transport by sea

US DOT Vessel Stowage Location : A - The material may be stowed "on deck" or "under deck" on a cargo vessel and on a passenger vessel.

Air transport

US DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27) : No limit

US DOT Quantity Limitations Cargo aircraft only (49 CFR 175.75) : No limit

SECTION 15: Regulatory information

15.1. US Federal regulations

AQUA GUARD SUPER SHOCK QUICK

All chemical substances in this product are listed in the EPA (Environmental Protection Agency) TSCA (Toxic Substances Control Act) Inventory

SARA Section 311/312 Hazard Classes	Immediate (acute) health hazard
-------------------------------------	---------------------------------

15.2. International regulations

CANADA

Trichloro-S-triazinetrione (87-90-1)

Listed on the Canadian DSL (Domestic Substances List) inventory.

Boric acid (10043-35-3)

Listed on the Canadian DSL (Domestic Substances List) inventory.

Sodium carbonate (497-19-8)

Listed on the Canadian DSL (Domestic Substances List) inventory.

15.2.2. National regulations

Trichloro-S-triazinetrione (87-90-1)

Listed on the AICS (the Australian Inventory of Chemical Substances)
Listed on the Japanese ENCS (Existing & New Chemicals Substances) inventory.
Listed on Inventory of Existing Chemical Substances (IECSC)
Listed on the Korean ECL (Existing Chemical List) inventory.
Listed on New Zealand - Inventory of Chemicals (NZIoC)
Listed on Inventory of Chemicals and Chemical Substances (PICCS)

Boric acid (10043-35-3)

Listed on the AICS (the Australian Inventory of Chemical Substances)
Listed on Inventory of Existing Chemical Substances (IECSC)
Listed on the Japanese ENCS (Existing & New Chemicals Substances) inventory.
Listed on the Korean ECL (Existing Chemical List) inventory.
Listed on New Zealand - Inventory of Chemicals (NZIoC)
Listed on Inventory of Chemicals and Chemical Substances (PICCS)

Sodium carbonate (497-19-8)

Listed on the AICS (the Australian Inventory of Chemical Substances)
Listed on Inventory of Existing Chemical Substances (IECSC)
Listed on the Japanese ENCS (Existing & New Chemicals Substances) inventory.
Listed on KECI (Chemical Inventory of Korea)

15.3. US State regulations

Trichloro-S-triazinetrione (87-90-1)

U.S. - Massachusetts - Right To Know List
U.S. - New Jersey - Right to Know Hazardous Substance List
U.S. - Pennsylvania - RTK (Right to Know) List

SECTION 16: Other information

Indication of changes : Revision 1.0 – 18 Dec 2013 - New SDS Created.

Other information : Author. JAH.

AQUA GUARD SUPER SHOCK QUICK

Safety Data Sheet

Prepared according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

NFPA health hazard	: 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.
NFPA fire hazard	: 0 - Materials that will not burn.
NFPA reactivity	: 2 - Normally unstable and readily undergo violent decomposition but do not detonate. Also: may react violently with water or may form potentially explosive mixtures with water.
NFPA specific hazard	: OX - This denotes an oxidizer, a chemical which can greatly increase the rate of combustion/fire. This material is an NFPA class 1 oxidizer.

HMIS III Rating

Health	: 3
Flammability	: 0
Physical	: 2
Personal Protection	:

This data is offered in good faith as typical values and not as a product specification. No warranty, either expressed or implied, is hereby made. The recommended industrial hygiene and safe handling procedures are believed to be generally applicable. However, each user should review these recommendations in the specific context of the intended use and determine whether they are appropriate.
