

JM-2900 Gas Jet

Big machine power at a bargain price.

The JM-2900 is an economical alternative to larger gas jets. It's lighter and more maneuverable, yet maintains the same pressure and flow rate of its big brothers. It's driven by a 389 cc Honda engine connected directly to a 3000 psi, 4 gallon per minute triplex pump with Vibra-pulse® on demand.

The 200 ft. capacity hose reel with drag brake, reel lock, and swivel is mounted on a very maneuverable heavy duty frame with two pneumatic tires. A passive brake keeps the machine solidly positioned on the job.

Standard safety features include a thermal relief valve to protect the pump from heat damage, along with a back flow check valve and inlet filter. Complete with tool box. An optional spray wand is available.

JM-2900 Specifications:

Pump:

Triplex w/Vibra-pulse®

Pressure:

3000 psi

Flow:

4 gpm

Engine:

389 cc w/Low oil shut off

Hose Reel:

Swivel, drag brake, and reel lock,
200 ft. x 3/8" hose capacity

Weight:

180 lbs. (82 kg)

Dimensions:

28" L x 28" W x 43" H
(71 cm x 71 cm x 109 cm)
