Eye & Face Protection

Eye protection calls for a very personal product for all workers. It not only has to protect but also offer comfort and style. North® eyewear is state-of-the-art in design, engineering and performance. All of our sleek, contemporary designs meet Z87.1-2010 safety standards, and many also meet CSA Z94.3 safety standards.

For construction, industrial, laboratory, manufacturing and more, you'll find that we offer a complete line of face shields to fit your specific needs. Adjustable headgear, a simple visor replacement system, comfort features and quality optics make North face shields a dependable addition to your safety line-up.

⚠ WARNING! North® equipment should only be used in conjunction with the manufacturer's instructions. Failure to follow such instructions could result in serious injury including diminution or loss of vision.

FEATURED PRODUCT

North Adaptec™

One style. Three sizes.
Customized fit and performance.

Setting forth a new approach to safety eyewear, we wanted to create a product that would fit everyone – no matter their gender, ethnicity, or facial features. After completing a landmark eyewear research study, we poured everything we learned into the development of the North Adaptec Protective Eyewear System. The result? An adjustable eyewear system that can be worn by the widest range of workers and still deliver excellent protection, superior comfort, customized adjustability, premium optics, and a stylish look.

For additional resources, including online demos and research findings for this innovative product, be sure to check out our new microsite: www.NorthAdaptec.com.

Engineered to meet the demands of today's most diverse workplaces, the **North Adaptec Protective Eyewear System** offers a stylish, comfortable and secure fit utilizing all-new adjustable fit tools built into each piece of eyewear.

North Adaptec Protective Eyewear System is designed in three scientifically determined sizes (Regular, Narrow, and Wide) to meet the unique eyewear fitting requirements of every individual.

One style means simplicity of stocking and ordering as well as consistent usage by workers.

Three sizes means the right protection, improved performance and optical clarity for everyone in your workplace.

Customized fit and performance means personalized comfort for each wearer, ensuring all-day protection and compliance with safety requirements.

Applications	Meets the requirements of Z80.3 for Traffic Signal Recognition (TSR)													
	General purpose, where impact protection is required													
	Outdoor, where sunlight and glare cause eye strain and fatigue													
	High visibility and enhanced contrast in low light conditions. Blue light protection and increased visual depth													
	High performance lens for indoor/outdoor use to reduce artificial light and solar glare													
	Torch brazing and flame cutting to filter optical radiation													

REFERENCE: EXCLUSIVE LENS COATINGS

North safety eyewear is available with our exclusive lens coating options, developed to enhance performance and increase the useful life of the lens. Lenses with our **hardcoat** option resist scratching for longer life. Our **Fog-Ban®** coating is a performance anti-fog coating to help reduce or eliminate fogging in humid conditions. In addition, we offer our more advanced **4A** and **3A** coating, with features listed below.

4A Coating

A permanently bonded coating that offers excellent anti-fog, antiscratch, anti-static and anti-UV properties

Anti-Fog	Resists fogging and improves vision in humid environments
Anti-Static	Reduces dust and particulate attraction
Anti-Scratch	Extends lens life in abrasive environments
Anti-UV	Absorbs more than 99.9% of harmful ultraviolet radiation

3A Coating

A permanently bonded coating that offers excellent antiscratch, anti-static and anti-UV properties

Anti-Static	Reduces dust and particulate attraction
Anti-Scratch	Extends lens life in abrasive environments
Anti-UV	Absorbs more than 99.9% of harmful ultraviolet radiation
