

# 54in Vega

## Indoor/Covered Outdoor Ceiling Fan

Add a touch of modern elegance to your living spaces with the 54 in. Vega ceiling fan by Seasons. This versatile fan is damp rated, making it perfect for covered outdoor locations like porches and patios, and it looks great indoors as well. The powerful 21.5-Watt integrated LED light kit is dimmable and also allows you to choose between 3 different light temperature settings - warm white, soft white, or daylight. Installation is a breeze with QuickFit installation features like a slide-on mounting bracket, magnetic light kit with pre-attached shade, and Quick Install blades.
