

Natural Fiber Floor Sweeps

Our natural fiber brooms are constructed of Palmyra or Tampico. Durable **Palmyra** is brown in color, has a stiff- to medium-stiff texture, and is resistant to liquids. Economical and tough, Palmyra is ideal as an all-purpose heavy duty sweep for sidewalks, patios, driveways, and general landscape maintenance. **Tampico** has a soft to medium texture. It has a natural white color, but is frequently dyed or bleached Tampico has good resistance to heat and chemicals, good water retention, and can maintain its stiffness while wet. It has excellent shape memory, and can be used alone or blended with other fibers.

Palmyra Push Broom Head

Good for indoor or outdoor sweeping on concrete or any other hard surface. Stiff brown natural fiber. Lacquered, quality hardwood blocks. Hardwood block with 3 1/4" trim

Black Tampico Push Broom Head

Medium/fine floor sweep. Soft, black natural fibers for smooth or rough floors. Hardwood blocks in 2 3/4" trim.

Our wooden brush blocks derive from sustainably managed forests

indoor/outdoor

heat and chemical resistant

long-lasting
