

**ULTRA-CONCENTRATED NO/LOW MAINTENANCE  
FLOORING CLEANER AND PROTECTOR**
**SECTION 1. PRODUCT AND COMPANY IDENTIFICATION**

Product name : ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

Other means of identification : Not applicable

Recommended use : Floor Cleaner

Restrictions on use : Reserved for industrial and professional use.

Product dilution information : 0.2 % - 1.17 %

Company : Ecolab Inc.  
1 Ecolab Place  
St. Paul, Minnesota USA 55102  
1-800-352-5326

Emergency health information : 1-800-328-0026 (US/Canada), 1-651-222-5352 (outside US)

Issuing date : 09/17/2024

**SECTION 2. HAZARDS IDENTIFICATION**
**GHS Classification**
**Product AS SOLD**

Serious eye damage : Category 1

**Product AT USE DILUTION**

Not a hazardous substance or mixture.

**GHS label elements**
**Product AS SOLD**

Hazard pictograms :

Signal Word : Danger

Hazard Statements : Causes serious eye damage.

Precautionary Statements : **Prevention:**  
Wear eye protection/ face protection.  
**Response:**  
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
Immediately call a POISON CENTER/ doctor.

**Product AT USE DILUTION**

Precautionary Statements : **Prevention:**  
Wash hands thoroughly after handling.  
**Response:**  
Get medical advice/ attention if you feel unwell.  
**Storage:**

## SAFETY DATA SHEET

### ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

Store in accordance with local regulations.

#### Product AS SOLD

Other hazards : None known.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

#### Product AS SOLD

Pure substance/mixture : Mixture

| Chemical name                             | CAS-No.     | Concentration (%) |
|-------------------------------------------|-------------|-------------------|
| Fattyalcohol ethoxylates > C15 and ≤/ 5EO | 160875-66-1 | 10 - 30           |
| 2-(2-ethoxyethoxy)ethanol                 | 111-90-0    | 5 - 10            |
| Sodium Xylenesulfonate                    | 1300-72-7   | 1 - 5             |

#### Product AT USE DILUTION

No hazardous ingredients

### SECTION 4. FIRST AID MEASURES

#### Product AS SOLD

In case of eye contact : Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.

In case of skin contact : Rinse with plenty of water.

If swallowed : Rinse mouth. Get medical attention if symptoms occur.

If inhaled : Remove to fresh air. Treat symptomatically. Get medical attention if symptoms occur.

Protection of first-aiders : If potential for exposure exists refer to Section 8 for specific personal protective equipment.

Notes to physician : Treat symptomatically.

Most important symptoms and effects, both acute and delayed : See Section 11 for more detailed information on health effects and symptoms.

#### Product AT USE DILUTION

In case of eye contact : Rinse with plenty of water.

In case of skin contact : Rinse with plenty of water.

If swallowed : Rinse mouth. Get medical attention if symptoms occur.

If inhaled : Get medical attention if symptoms occur.

### SECTION 5. FIRE-FIGHTING MEASURES

#### Product AS SOLD

Suitable extinguishing media : Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

## SAFETY DATA SHEET

### ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

|                                                |                                                                                                                                                                                 |
|------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unsuitable extinguishing media                 | : None known.                                                                                                                                                                   |
| Specific hazards during fire fighting          | : Not flammable or combustible.                                                                                                                                                 |
| Hazardous combustion products                  | : Decomposition products may include the following materials:<br>Carbon oxides<br>Sulfur oxides                                                                                 |
| Special protective equipment for fire-fighters | : Use personal protective equipment.                                                                                                                                            |
| Specific extinguishing methods                 | : Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breathe fumes. |

#### SECTION 6. ACCIDENTAL RELEASE MEASURES

##### Product AS SOLD

|                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                               |
|---------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Ensure adequate ventilation. Keep people away from and upwind of spill/leak. Avoid inhalation, ingestion and contact with skin and eyes. When workers are facing concentrations above the exposure limit they must use appropriate certified respirators. Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8.                                  |
| Environmental precautions                                           | : Do not allow contact with soil, surface or ground water.                                                                                                                                                                                                                                                                                                                                                    |
| Methods and materials for containment and cleaning up               | : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. |

##### Product AT USE DILUTION

|                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                               |
|---------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : Refer to protective measures listed in sections 7 and 8.                                                                                                                                                                                                                                                                                                                                                    |
| Environmental precautions                                           | : No special environmental precautions required.                                                                                                                                                                                                                                                                                                                                                              |
| Methods and materials for containment and cleaning up               | : Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway. |

#### SECTION 7. HANDLING AND STORAGE

##### Product AS SOLD

|                         |                                                                                                                                                                                                                           |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Advice on safe handling | : Do not get in eyes, on skin, or on clothing. Wash hands thoroughly after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE). |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## SAFETY DATA SHEET

### ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

Conditions for safe storage : Keep out of reach of children. Store in suitable labeled containers.

Storage temperature : 0 °C to 50 °C

#### Product AT USE DILUTION

Advice on safe handling : Wash hands after handling. In case of mechanical malfunction, or if in contact with unknown dilution of product, wear full Personal Protective Equipment (PPE). For personal protection see section 8.

Conditions for safe storage : Keep out of reach of children. Store in suitable labeled containers.

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Product AS SOLD

##### Ingredients with workplace control parameters

| Components                | CAS-No.  | Form of exposure | Permissible concentration | Basis     |
|---------------------------|----------|------------------|---------------------------|-----------|
| 2-(2-ethoxyethoxy)ethanol | 111-90-0 | TWA              | 25 ppm                    | AIHA WEEL |

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

#### Personal protective equipment

Eye protection : Wear eye protection and/or face protection.

Hand protection : No special protective equipment required.

Skin protection : No special protective equipment required.

Respiratory protection : No personal respiratory protective equipment normally required.

Hygiene measures : Handle in accordance with good industrial hygiene and safety practice. Wash face, hands and any exposed skin thoroughly after handling. Provide suitable facilities for quick drenching or flushing of the eyes and body in case of contact or splash hazard.

#### Product AT USE DILUTION

Engineering measures : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

#### Personal protective equipment

Eye protection : No special protective equipment required.

Hand protection : No special protective equipment required.

Skin protection : No special protective equipment required.

Respiratory protection : No personal respiratory protective equipment normally required.

### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Product AS SOLD  
Appearance : liquid

Product AT USE DILUTION  
liquid

## SAFETY DATA SHEET

### ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

|                                         |                      |             |
|-----------------------------------------|----------------------|-------------|
| Color                                   | : cloudy, white      | white       |
| Odor                                    | : pleasant           | pleasant    |
| pH                                      | : 7.5 - 9.0, (100 %) | 8.75 - 9.25 |
| Flash point                             | : Not applicable     |             |
| Odor Threshold                          | : No data available  |             |
| Melting point/freezing point            | : No data available  |             |
| Initial boiling point and boiling range | : > 100 °C           |             |
| Evaporation rate                        | : No data available  |             |
| Flammability (solid, gas)               | : Not applicable     |             |
| Upper explosion limit                   | : No data available  |             |

#### SECTION 10. STABILITY AND REACTIVITY

##### Product AS SOLD

|                                    |                                                                                                               |
|------------------------------------|---------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : No dangerous reaction known under conditions of normal use.                                                 |
| Chemical stability                 | : Stable under normal conditions.                                                                             |
| Possibility of hazardous reactions | : No dangerous reaction known under conditions of normal use.                                                 |
| Conditions to avoid                | : None known.                                                                                                 |
| Incompatible materials             | : None known.                                                                                                 |
| Hazardous decomposition products   | : In case of fire hazardous decomposition products may be produced such as:<br>Carbon oxides<br>Sulfur oxides |

## SAFETY DATA SHEET

### ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

#### SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure : Inhalation, Eye contact, Skin contact

##### Potential Health Effects

###### Product AS SOLD

Eyes : Causes serious eye damage.

Skin : Health injuries are not known or expected under normal use.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Health injuries are not known or expected under normal use.

Chronic Exposure : Health injuries are not known or expected under normal use.

###### Product AT USE DILUTION

Eyes : Health injuries are not known or expected under normal use.

Skin : Health injuries are not known or expected under normal use.

Ingestion : Health injuries are not known or expected under normal use.

Inhalation : Health injuries are not known or expected under normal use.

Chronic Exposure : Health injuries are not known or expected under normal use.

##### Experience with human exposure

###### Product AS SOLD

Eye contact : Redness, Pain, Corrosion

Skin contact : No symptoms known or expected.

Ingestion : No symptoms known or expected.

Inhalation : No symptoms known or expected.

###### Product AT USE DILUTION

Eye contact : No symptoms known or expected.

Skin contact : No symptoms known or expected.

Ingestion : No symptoms known or expected.

Inhalation : No symptoms known or expected.

##### Toxicity

###### Product AS SOLD

###### Product

Acute oral toxicity : Acute toxicity estimate : > 5,000 mg/kg

Acute inhalation toxicity : No data available

Acute dermal toxicity : No data available

Skin corrosion/irritation : No data available

## SAFETY DATA SHEET

### ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

Serious eye damage/eye irritation : No data available

Respiratory or skin sensitization : No data available

Carcinogenicity : No data available

Reproductive effects : No data available

Germ cell mutagenicity : No data available

Teratogenicity : No data available

STOT-single exposure : No data available

STOT-repeated exposure : No data available

Aspiration toxicity : No data available

#### Components

Acute dermal toxicity : 2-(2-ethoxyethoxy)ethanol  
LD50 Rabbit: 8,476 mg/kg

### SECTION 12. ECOLOGICAL INFORMATION

#### Ecotoxicity

##### Product AS SOLD

Environmental Effects : Harmful to aquatic life.

##### Product AT USE DILUTION

Environmental Effects : This product has no known ecotoxicological effects.

##### Product AS SOLD Product

Toxicity to fish : No data available

Toxicity to daphnia and other aquatic invertebrates : No data available

Toxicity to algae : No data available

#### Components

Toxicity to fish : 2-(2-ethoxyethoxy)ethanol  
96 h LC50 *Ictalurus punctatus* (channel catfish): 6,010 mg/l

#### Components

Toxicity to daphnia and other aquatic invertebrates : Fattyalcohol ethoxylates > C15 and =< 5EO  
48 h *Daphnia magna* (Water flea): > 1 mg/l

2-(2-ethoxyethoxy)ethanol  
48 h LC50 *Daphnia magna* (Water flea): 1,982 mg/l

#### Components

Toxicity to algae : 2-(2-ethoxyethoxy)ethanol  
96 h EC50 *Desmodesmus subspicatus* (green algae): > 100 mg/l  
Test substance: Information given is based on data obtained from similar substances.  
96 h NOEC *Desmodesmus subspicatus* (green algae): > 100 mg/l  
Test substance: Information given is based on data obtained from similar substances.

## SAFETY DATA SHEET

### ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

Sodium Xylenesulfonate  
96 h EC50: 230 mg/l

#### Persistence and degradability

##### Product AT USE DILUTION

No data available

#### Bioaccumulative potential

No data available

#### Mobility in soil

No data available

#### Other adverse effects

No data available

### SECTION 13. DISPOSAL CONSIDERATIONS

#### Product AS SOLD

- Disposal methods : Do not contaminate ponds, waterways or ditches with chemical or used container. Where possible recycling is preferred to disposal or incineration. If recycling is not practicable, dispose of in compliance with local regulations. Dispose of wastes in an approved waste disposal facility.
- Disposal considerations : Dispose of as unused product. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers. Dispose of in accordance with local, state, and federal regulations.

#### Product AT USE DILUTION

- Disposal methods : Diluted product can be flushed to sanitary sewer.
- Disposal considerations : Dispose of in accordance with local, state, and federal regulations.

### SECTION 14. TRANSPORT INFORMATION

#### Product AS SOLD

The shipper/consignor/sender is responsible to ensure that the packaging, labeling, and markings are in compliance with the selected mode of transport.

#### Land transport (DOT)

Not dangerous goods

#### Sea transport (IMDG/IMO)

Not dangerous goods

### SECTION 15. REGULATORY INFORMATION

#### Product AS SOLD

EPCRA - Emergency Planning and Community Right-to-Know

## SAFETY DATA SHEET

### ULTRA-CONCENTRATED NO/LOW MAINTENANCE FLOORING CLEANER AND PROTECTOR

#### CERCLA Reportable Quantity

This material does not contain any components with a CERCLA RQ.

#### SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

**SARA 311/312 Hazards** : Serious eye damage or eye irritation

**SARA 302** : This material does not contain any components with a section 302 EHS TPQ.

**SARA 313** : The following components are subject to reporting levels established by SARA Title III, Section 313:

|                             |          |           |
|-----------------------------|----------|-----------|
| 2-(2-ethoxyethoxy)ethanol   | 111-90-0 | 5 - 10 %  |
| 2-(2-hexyloxyethoxy)ethanol | 112-59-4 | 0.1 - 1 % |
| 2-hexyloxyethanol           | 112-25-4 | 0 - 0.1 % |

#### California Prop. 65

This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

#### California Cleaning Product Right to Know Act of 2017 (SB 258)

This regulation applies to this product.

| Hazardous ingredients                     | CAS-No.       | Function       | List(s)        |
|-------------------------------------------|---------------|----------------|----------------|
| water                                     | 7732-18-5     | Diluent        | Not Applicable |
| Fattyalcohol ethoxylates > C15 and =< 5EO | 160875-66-1   | Cleaning Agent | Not Applicable |
| Proprietary Polymer                       | Not Available | Film Former    | Not Applicable |
| 2-(2-ethoxyethoxy)ethanol                 | 111-90-0      | Solvent        | Not Applicable |
| Sodium Xylenesulfonate                    | 1300-72-7     | Processing Aid | Not Applicable |
| Wax                                       | Withheld      | Film Former    | Not Applicable |
| Solvent                                   | Withheld      | Solvent        | Not Applicable |
| Proprietary Fragrance                     | Not Available | Fragrance      | Not Applicable |
| Silicone                                  | Withheld      | Film Former    | Not Applicable |
| Disiloxane, hexamethyl                    | Withheld      | Film Former    | Not Applicable |
| Halogenated thiazole                      | Withheld      | Biocide        | Not Applicable |
| Isothiazolinones                          | Withheld      | Biocide        | Not Applicable |

The ingredients of this product are reported in the following inventories:

#### United States TSCA Inventory :

All substances listed as active on the TSCA inventory

#### Canadian Domestic Substances List (DSL) :

This product contains one or several components that are not on the Canadian DSL nor NDSL.

#### Australia. Australian Industrial Chemicals Introduction Scheme (AICIS) :

not determined

#### New Zealand. Inventory of Chemical Substances :

not determined

#### Japan. ENCS - Existing and New Chemical Substances Inventory :

not determined
