TA-7500 │ PowerHub™

This compact and attractive product puts two additional power outlets, and an Internet plug-in jack right at your guest's fingertips. Or, add any of our MediaHub™ products to the PowerHub and create the MediaHub Extender™, a guest entertainment connectivity panel with additional power and data. It's the perfect solution for plugging in today's hotel guest.

Build the PowerHub into casegoods or millwork (furniture build-ins), installation is easy.

- Provides guests with two easy-to-find grounded power outlets

- Available in US, UK and EU power outlets

- Features a reset button to prevent overload

- Gives guests Internet access through a convenient RJ45 Ethernet jack (optional snap-on cover available if Internet not required)

- Attractive black and silver bezel complements any room decor

- Easy installation

- Add to any MediaHub entertainment panel to create an all-in-one multimedia connectivity station
