

POWER YOUR PROFITABILITY

RELIABLE POWER SOLUTIONS FOR PROPERTY MANAGEMENT

PROCELL® offers the world's first dual-portfolio professional batteries. By selecting the right battery to match the power needs of your professional device, you can make your batteries last longer* and replace them less often. All PROCELL® batteries are manufactured using superior cell design ensuring our highest quality cell construction. Our batteries are tested in order to guarantee the highest quality and reliable performance.

PROCELL® INTENSE (FOR HIGH DRAIN DEVICES)

A new battery range specifically engineered to deliver precise pulses of energy while lasting up to 50% longer* in high-drain professional devices** such as flashlights, touchless hand sanitizer dispensers, and touchless restroom devices.

PROCELL® CONSTANT (FOR LOW TO MEDIUM DRAIN DEVICES)

A new battery range specifically engineered to deliver consistent performance while lasting longer* in low-drain professional devices, including door key pads, thermostats, TV/DVD remotes, and wireless keyboards and mice.

PROCELL® LITHIUM COIN & PROCELL® HIGH POWER LITHIUM BATTERIES

PROCELL® Lithium Coin batteries deliver reliable and safe power to professional devices, while PROCELL® High Power Lithium Batteries can handle high rate discharge for a variety of applications, under intermittent or continuous drain. Both battery types are available at scale to power industrial devices.

TURN BATTERIES FROM A COST CENTER INTO A COST SAVER

PROCELL® understands how critical it is for professional end-users to drive the profitability of their businesses. When it comes to batteries, this can be achieved through minimizing costly battery replacements.

By conducting intensive device testing and analysis in our labs, PROCELL® has discovered that a way to dramatically extend alkaline battery life and cut replacement costs is to engineer device-specific industrial alkaline batteries, each with unique power profiles.

THE WORLD'S FIRST DUAL PORTFOLIO OF PROFESSIONAL BATTERIES

PROCELL® Intense Power is a new battery range specifically engineered to deliver precise pulses of energy while lasting longer in high-drain professional devices*. High drain devices typically have motors, pumps or mechanism that drives a motion as an output.
