

FlexCart

Engineering Cart

FlexCart is the result of a two year partnership with three major hotel and facilities companies to develop the most functional and efficient engineering maintenance cart possible. Designed and tested by facilities engineers from the ground up FlexCart was built to deliver the exact functionality needed in a durable, compact and lightweight design. Now In service with hundreds of engineering departments, FlexCart has proven to substantially increase productivity, inventory control, and the overall professionalism of property operations.

*For further information please **contact your HD Supply representative or call customer service at 800-431-3000.** You can also visit www.hdsupplysolutions.com and search the word "FlexCart" or **part #611580** (includes tools) **#611581** (without tools).*

Design Goals:

The cart must be able to carry and organize all of the tools and parts an engineer needs and be...

- **Compact, Light and Maneuverable**

This was the most important feature according to the engineers testing the prototypes. It had to be light, easy to turn and push. It also needed to be small and narrow in stature. Dim: 37" L x 14" W x 45" H.

- **Professional**

The cart had to present an image to the guest and client that was in sync with the professional image of the company using it.

- **Versatile**

Usable for guest calls, PM, facilities work and trades with all the needed functions and capabilities for each.

- **Durable**

A strong, long lasting design made from high quality materials.

- **Secure**

The cart needed to be easily lockable to control casual theft and guest liability issues.

- **Quiet**

No rattling sounds or wheel noise.

- **Affordably Priced/Strong ROI**

The cart had to have a reasonable price and pay for itself in less than one year.

Patent(s) Pending

Cart Features

• *Light Weight* • *Narrow Width: 14" Wide* • *Easy to Maneuver*

ON THE RIGHT SIDE (NOT SHOWN)

3 Large Utility Pockets

- Holds spray bottles, rags, knee pads and other

Fluorescent Light Tube Storage

- Holds T4, T8 and T12 light tubes

HVAC Filter Storage

- Holds small to large filters

Ladder Hook

- On the front of tool storage door
- Holds up to a 6' ladder

Lockable Tool Storage Area

- Labeled pockets provide quick tool inventory
- Removable tool panels allow you to change the tools being carried in this area

Lockable 5" Front Casters

- Heavy duty steel
- Rolls easily on carpet
- Non-marring
- Precision bearings

Welded Unibody Steel Frame

- For long-lasting durability

Vacuum or Large Item Storage Area

- Designed to hold most compact vacuum styles

Large Work Surface with Sides

- Side folds down to extend the work surface
- When side is up creates a large bin for transporting parts

Lockable Tool Bag Cover

Vise Clamp

Removable Tool Bag

- Contains 84 of the most commonly needed tools
- Labeled pockets provide tool accountability
- Sits in special carrier built into handle

7 Lockable Drawers

- 12 sq ft of organized storage space
- Customizable parts bins
- Can hold hundreds of different parts
- Stainless steel fronts

Large Trash Receptacle

- Removable

Large Item Storage Area

- Behind trash can
- Holds gallon paint can and other tall containers

Heavy Duty 8" Wheels

- Non-marring
- Rolls easily on carpet
- Precision bearings
