

HEALTHCARE

Send a Signal of Quality Care

Introducing
the PURELL SOLUTION™

The PURELL Brand Signals Your High Quality Standards for Patient Care

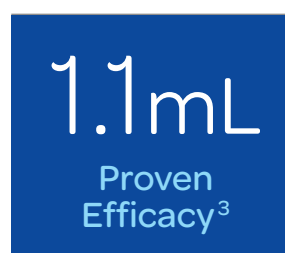

Take Credit for All You Do to Make Your Facility Great

PURELL® products are universally recognized and trusted as a way to provide effective protection from germs.¹ When patients, visitors and healthcare personnel see the PURELL brand, it reinforces your facility's high standards for patient safety and quality care. The PURELL brand lets you take credit, not only for providing the best hand hygiene and surface disinfection, but also for the unseen things you do to make your facility great.

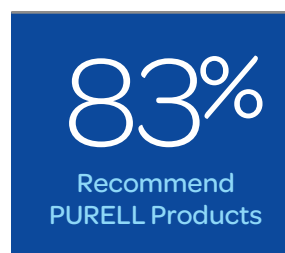

PURELL Brand Brings Peace of Mind

PURELL Hand Sanitizer is the #1 brand of hand sanitizer used in hospitals, and the brand most known by patients and visitors.² Providing PURELL products shows patients, visitors and staff that you are providing the very best.

Formulation Matters – PURELL Products Designed for Healthcare

PURELL products are designed with the most advanced science available to exceed healthcare demands—hand sanitizers that meet FDA standards with a single output,³ soap products that are gentle on skin after repeated use, and surface disinfectants that deliver unparalleled performance without compromising efficacy.

PURELL Products Are Preferred by Healthcare Workers

Providing well-liked products encourages compliance to hand hygiene standards. A recent study showed that PURELL products are most likely to be recommended by infection control professionals to other colleagues than any other hand hygiene brand.⁴

Introducing the PURELL SOLUTION™

Now the brand that created instant hand sanitizer is bringing the same no-trade-off protection to soap and surfaces. Scientifically formulated new products for healthcare environments meet the exacting standards of the PURELL® brand.

The PURELL SOLUTION™ The Right Products, in all the Right Places Help You Provide Better Care

With the PURELL SOLUTION™, you get a hand hygiene program just for healthcare, and revolutionary new ways to disinfect the surfaces people touch.

No Trade-Off Protection

With PURELL products, you don't have to choose between getting the job done and providing patients, visitors and staff with products they feel confident about using.

Effective

PURELL® products are formulated to be the most effective solution. We set the highest efficacy standards.

Safe

Our goal is to formulate every product with the safest and most sustainable ingredients available, continually seeking even better solutions.

Unrivaled User Experience

Our products are designed to not only be highly effective, but also deliver a refreshing, enjoyable clean every time they are used.

PURELL® Healthcare HEALTHY SOAP®

Formulated to work with your skin, PURELL Healthcare HEALTHY SOAP® products are enriched with conditioners. They nourish the skin while cleaning and support its natural ability to protect against dirt and germs.

Maintains Skin Health

Formulated to effectively remove bacteria and soils commonly found in healthcare environments. Nourishes while cleaning. Supports skin's natural moisture barrier. Designed for frequent use in a healthcare environment.

Healthy Ingredients

Free of parabens, Triclosan and phthalates.

Pleasant and Uplifting

Refreshing foam soap formulations that are pleasant to use, with the peace of mind that only comes from the PURELL brand.

PURELL® Healthcare Hand Sanitizer

The #1 brand of hand sanitizer in hospitals.² Kills 99.99% of most common germs that may cause illness in a healthcare setting, including MRSA & VRE.

Proven Effective

Formulated to exceed FDA healthcare personnel handwash requirements with just 1.1 milliliters of product,³ PURELL Healthcare Advanced Hand Sanitizers outperform others ounce for ounce.⁵

Gentle on Skin

Enhanced with skin conditioners, all PURELL hand sanitizers are proven to maintain skin health, even with high-frequency use.

Easily Accessible

Dispensing options that provide easy access to hand hygiene in support of healthcare hand hygiene protocol.

PURELL® Healthcare Surface Disinfectant

PURELL® Healthcare Surface Disinfectant is a revolutionary formulation, designed to accelerate the germ-killing power of alcohol, without the use of harsh chemicals.

Rapid Kill Time

30-second disinfection for 22 organisms, including MRSA, VRE, and Norovirus. One minute kill time for pseudomonas aeruginosa and Hepatitis A virus. Rapidly disinfects, cleans and dries for quick room turnover.

Worry-Free Results

Patented, fragrance-free formulation, developed to be mild around staff and patients. Lowest allowable EPA toxicity rating means no required label precautionary statements or rinse step on food contact surfaces like food trays.

Multi-Surface Formulation

Use for everyday disinfecting and cleaning of settings where C. diff kill is not required. Use on privacy curtains, MRI table straps, upholstered furniture, NICU/Pediatrics (Neonatal isolates, toys) and food contact areas like overbed tables, trays and breakrooms.

Elegant Design Meets Maintenance Ease

Built on 65 years of dispenser engineering experience, new PURELL ES™ hand hygiene systems are as durable and reliable as they are beautiful. Our AT-A-GLANCE™ refill design provides the easiest way to see when refills need to be changed. And with PURELL® products, it's easy for all to see your commitment to cleanliness and quality care.

PURELL ES4
PUSH-STYLE

Durable and reliable push-style systems. Easy to maintain.

PURELL ES6
TOUCH-FREE

Touch-free systems, built for reliable performance and maintenance ease.

PURELL ES8
ENERGY ON REFILL + MODULAR UPGRADES

Touch-free with energy on the refill, plus the ability to add compliance monitoring or service alert modules.

Personalize with your logo and take credit for providing the best

PURELL ES dispensing systems are highly visible and showcases your commitment to cleanliness and quality care. Contact your GOJO Representative for information on personalizing PURELL dispensers with your organization's logo.

PURELL® ES8 Dispenser System: Hand Hygiene That's Always Ready

When you choose new PURELL ES8 hand hygiene dispensers, you're not only getting America's most trusted hand hygiene products, you're also getting a revolutionary dispenser design that addresses the two most common service issues – empty dispensers and worn out batteries.

AT-A-GLANCE™ Refill Design

Monitor product levels with just one look. We make it quick and easy to see which dispensers need your attention, so they are always serviced and ready.

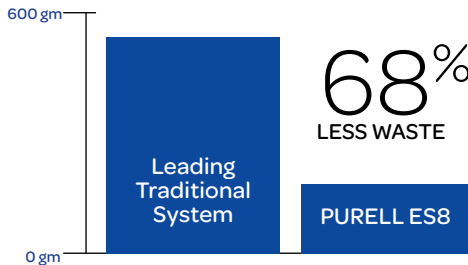

Breakthrough Energy-on-the-Refill Technology

Each new refill comes with its own energy source – a coin cell battery that's integrated into the refill. When you replace the empty refill, you're getting fresh product and fresh energy in one simple step. Back-up power inside the dispenser provides added assurance of high performance. No more batteries to change!

Built for Sustainable Performance

The PURELL ES8 system represents a 68% reduction in battery waste and a 15% reduction in greenhouse gas emissions, when compared to leading touch-free systems on the market.⁶

Battery Waste Over Dispenser Lifetime

Based on a usage rate of 3 refills per dispenser, per year and savings calculated based on a 6-year dispenser lifetime, compared to leading traditional touch-free systems.

The PURELL ES8 Dispenser System eliminates the hassle of battery change outs

Checking and changing batteries can be a major resource drain. Until now, your choice has been to change batteries proactively for uninterrupted service, or reactively when they wear out unexpectedly.

The PURELL ES8 Dispenser System eliminates the hassle of battery change outs by combining this major task with one you are already doing – replacing empty refills!

Visible Expiry Date

ALL PURELL healthcare products have an easy to see expiry date, right on the front of the bottle.

Easy Recycling and Disposal

PET bottle and refill components are easy to disassemble. For complete recycling and disposal instructions, visit www.PURELLSOLUTION.com/Healthcare/Downloads.

Hand Hygiene Intelligence

Optional GOJO® SMARTLINK™ plug-in modules let you add intelligent functionality to your dispenser. Track hand hygiene compliance, get alerts when dispensers need service or add other upgrades as technology evolves.
