

All Cleaner™ & All Cleaner™ XP

All Purpose Cleaners

Smart cleaning.

A Nilfisk-Advance Brand

All Cleaner™ & All Cleaner™ XP

All-Purpose Cleaners

Ideal applications include:

- Restrooms
- Locker Rooms
- Stairwells
- Kitchens
- Windows
- Carpet Pre-spraying
- Exercise Facilities
- Hallways

Touchless Cleaning for Increased Productivity.

Restrooms present one of the most demanding and undesirable cleaning challenges. Manually wiping and scrubbing fixtures and other hard surfaces is time-consuming, exposes cleaning staff to unsanitary conditions and often falls short of cleanliness standards. Advance's All-Purpose Cleaning Systems offer touch-less cleaning that is up to three times faster than traditional methods, all in a compact unit smaller than a shopping cart.

The All Cleaner™ packs the cleaning power you need while running circles around your old equipment. Sure, the automatic chemical system, indoor pressure washer, powerful liquid recovery vacuum and stretch hoses offer a significant upgrade over hand-cleaning, but what's functionality if it's not accessible and easy to use? All standard tools and other cleaning accessories fit neatly into All Cleaner's small design. That means no more lugging around heavy equipment or dragging hoses – operators can easily maneuver the unit in restrooms, stairwells and other tight spaces.

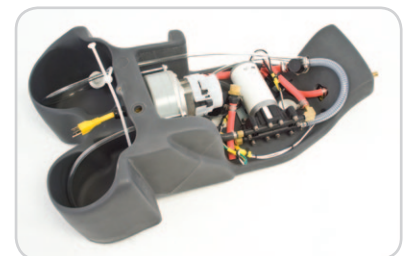

When it comes to versatility, the All Cleaner makes the most of its small design. Its open chemical system allows use of any two chemical bottles (including green cleaning approved solutions) and controls the dilution rate for the proper application each time. And whether your bottle is round or rectangle, it will fit in the holding wells on both the All Cleaner and All Cleaner XP.

The All Cleaner provides 200 psi, while the All Cleaner XP has a powerful 500 psi pump. Combine the pump strength with the variable spray gun and you can attack the most challenging cleaning projects.

Advance's All Cleaner and All Cleaner XP answer the call for an affordable, touch-less approach to cleaning restrooms and other areas with hard surfaces. You'll improve productivity and see better results – now that's smart cleaning.

Use the scrub to scrub the floor and any other difficult to clean areas.

Component pallet is removable

The spray gun makes dirt removal easy in hard to reach areas and allows for quick rinsing of surfaces.

Optional front mount squeegee for easy water pick-up.

Clam shell design for easy access to the component pallet.

All surfaces are easily cleaned after initial spray down.

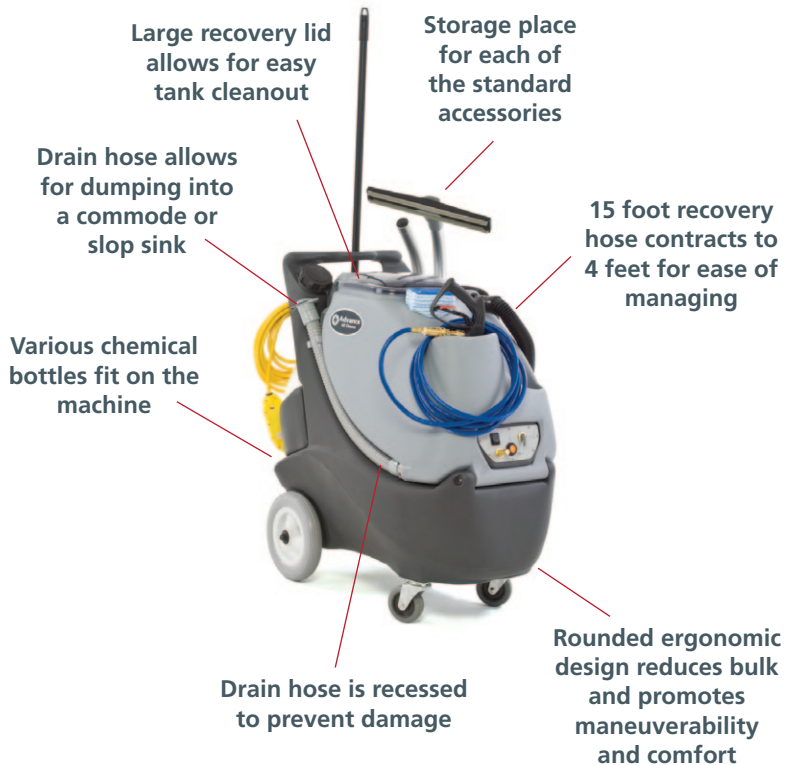

Standard accessories are easily stored on machine.

Universal chemical bottle storage.

Front storage for pressure washer.

FEATURES AND BENEFITS

- Simple setup and storage of tools and hoses.**
- Easy access to motor and pump.**
- Small footprint provides better maneuverability in tight spaces.**
- Unique removable electrical compartment pallet.**
- Touchless cleaning minimizes cleaning staff exposure to dirty surfaces and cleaning chemicals.**
- Cleans up to three times faster than traditional cleaning with minimal set-up time.**
- Universal chemical storage.**
