Outdoor LED Flood Light 326919, 326907, 326933

Features

Utility outdoor LED flood light is an energy saving long-lasting alternative to Incandescent. Choose from models using 7, 13.5, or 28 watts of power to operate. LEDs turn on instantly at full brightness and are cool running. Ideal use for security and general lighting. Provides lighting in residential, commercial, retail and hospitality applications.

Construction

Housing is die cast 22-gauge aluminum.

Finish

All exposed surfaces are black finish.

Diffuser

Clear polycarbonate replaceable lens is secured to housing with screw.

Electrical

This unit is wired for 120VAC/60 Hz. operation. Low voltage LED driver is rated for 12VAC output to the LED light engine.

Lamping

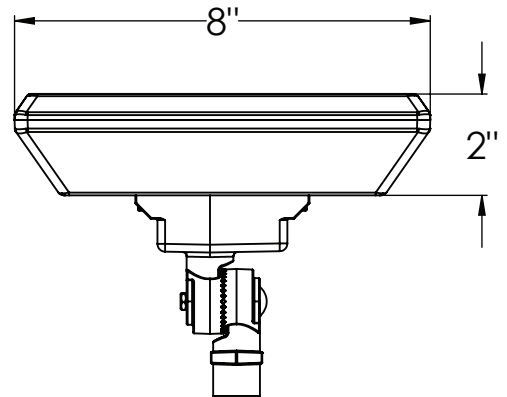

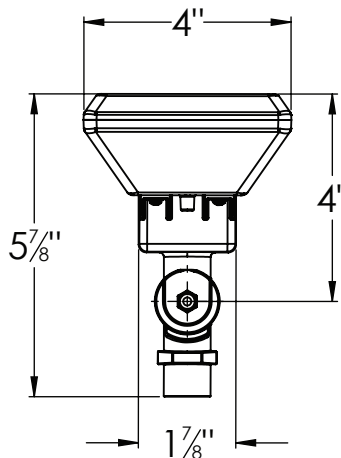

50,000 hr. long life non-replaceable LEDs produce 960, 1300, or 2600 source lumens. 5000K color temperature.

Certification

cETLus certified for wet locations.

Warranty

Limited warranty: This fixture is free from defects in materials and workmanship for a period of 5 years from date of purchase.
